

WHICH TWO?

Find the two butterflies that are exactly alike.
Then color them...exactly alike!

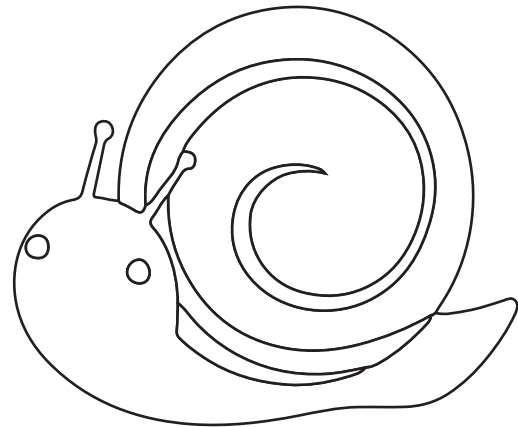

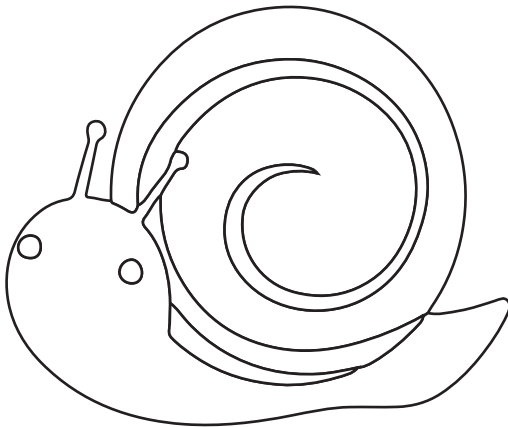

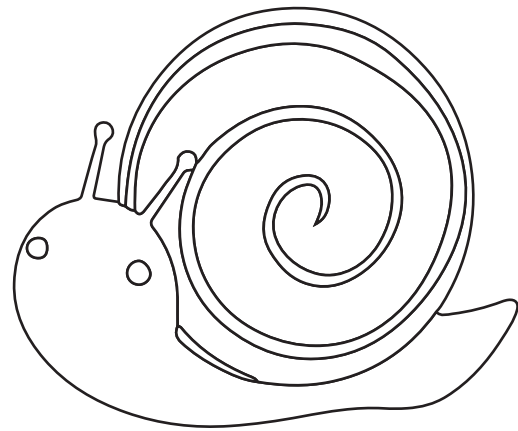

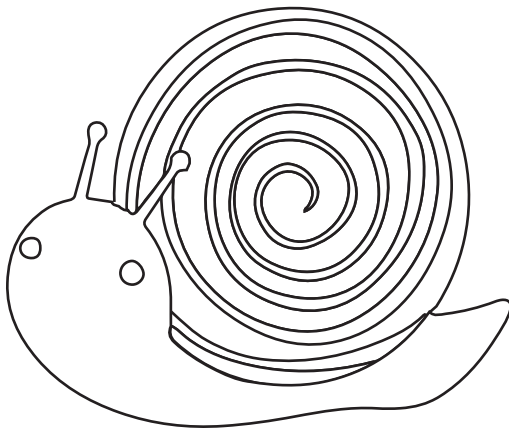

HOW MANY SPOTS?

Find the ladybug with two spots.
Then color it.

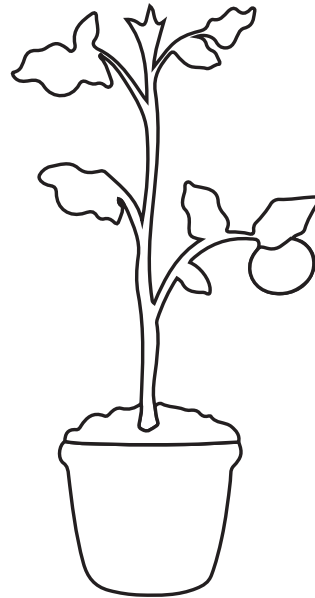

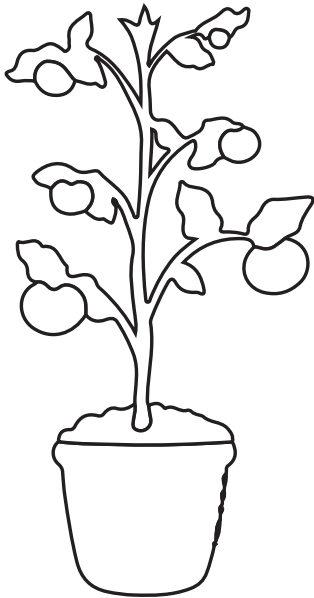

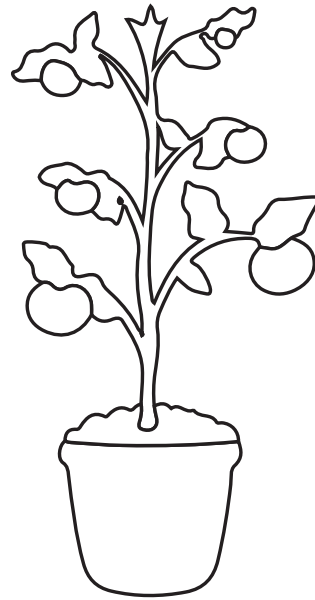

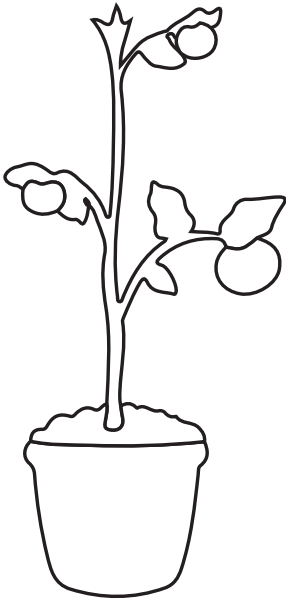

WHICH TWO?

Find the two snails that are exactly alike.
Then color them...exactly alike!

HOW MANY TOMATOES?

Find the plant with three tomatoes. Then color it.
Add some more tasty tomatoes if you'd like. Yum!

GARDEN SECRETS

Many things are found in a garden.
Look below the ground and above the ground
to find the list of things. Circle them.

What to look for:

- Acorn
- Grasshopper
- Spider
- 2 worms close together
- Carrot
- Rabbit
- Sunflower
